

CNC Sink Polishing Machine

Technical specifications

The CNC sink polishing machine automates post-weld surface finishing to achieve a uniform, attractive surface finish.

Product features

- CNC-controlled axis system
- Programmable polishing parameters
- Consistent surface quality
- Automatic motion control
- Adaptation to different product geometries
- Low consumable usage
- Quality independent of the operator
- Faster production
- Low defect rates
- High surface quality

AGP/CNC

Values vary by model and application.

CNC Sink Polishing Machine

Technical specifications

Technical specifications	AGP/CNC
Arm length	1000 mm
Table dimensions	600 × 1600 mm
Air pressure	2 / 8 bar
Weight	3700±100 kg
Dimensions (W×L×H)	2600 × 2365 × 2250 mm
Supply voltage	400 V · 50/60 Hz · 3 phase
Time-delay mains fuse	32 A
Supply cable (≤10 m)	3×16+6 mm ²
